

Basildon

SECTOR:

Housing & Infrastructure

OUR ROLE:

Sub Contractor

LOCATION:

Nethermayne, Basildon

CLIENT:

Redrow Homes (Eastern)

PROJECT VALUE:

£27m

DURATION:

4 years

OVERVIEW:

The scheme was to provide the Infrastructure upgrade of an existing country road, together with, the main first section of spine road with attenuation tanks for a site that eventually will have 725 houses and a new school. We also are undertaking the groundworks for the first 5 units.

SCOPE OF WORKS:

To install 800m of foul and storm main drainage plus reconstructing and widening the existing Dry Street access road whilst maintaining access to the main construction site and installing the onsite infrastructure and groundworks to the initial phase of the development.
